

The ATAP Membership Process- What to Expect

You are eligible for Affirmed Membership if:

1. You are the principal owner of a practice focused on accounting, bookkeeping or tax.
2. You have been self-employed and/or the owner of the practice for a minimum of one year.
3. You carry Errors & Omissions Coverage for your practice.
4. You pass a qualifying exam (note that you are exempt from this exam if you hold a designation recognized by ATAP).
5. You agree to adhere to the ATAP Code of Ethics (and agree to annually).
6. You agree to complete a minimum of 60 recognized CPD credits on a rolling 3 year basis (with a minimum of 15 each year).
7. You pay your annual membership fee.

Your membership will begin with Affiliated Membership while we confirm your Affirmed Membership eligibility. As an affiliated member, you will be able to enjoy the support of the ATAP umbrella – including access to the member portal, the collaborative resources and support as well as access to the discussion board and other members. ATAP members enjoy reduced pricing for ATAP seminars and educational opportunities.

Once the details of your membership are confirmed, you will be able to access full member benefits (including setting up your mini-web page on our Find a Professional listing on our website). You will also be able to take advantage of the Employee Membership availability to bring your entire team onboard.

Before you know it, you will have carved out your space in the ATAP umbrella and will bring your wealth of knowledge to the community!

For more information, please reach out to our Membership Coordinator

Please note self-employed individuals holding the CPA designation are eligible for affiliated membership!
